NQT +1 (Previously RQTs) – led by Sam Cosgrove

The Department for Education have recognised that NQT's +1 will need support due to the limitations placed on them by the pandemic and as such are funding schools so that they may continue to develop their NQT's +1. This is the equivalent of an extra 5% PPA time.

Teachers new to role have had an unprecedented level of disruption to their training and first year of teaching. This course will support those new to the profession in ensuring that they are given all the tools possible to become the very best teachers of the future. Using the Early Career Framework tools, and the BDMAT Teaching and Learning toolkit. We will unpick quality first teaching and determine how this exemplified in their day to day practice.

This network is aimed at those who are looking to take the next step into headship. Maths Moderation week

These sessions enable class teachers to bring the work and evidence from the three chosen children to be moderated with a group of colleagues from other schools within BDMAT.

We are proposing that staff meeting for that week be allocated to maths moderation, with staff using this time to attend the moderation meetings at a central location within their hub. The meetings have been staggered across the week to enable the facilitator from the central team to attend the meetings. This will run over the course of 3 days from and will follow the same format as the recent writing moderation.

The beginning of the session will include training linked to the maths statements appropriate to the age groups. The remaining time will be to moderate samples of work with colleagues across the Trust. The meetings will be led by Lisa McIntosh, Kayleigh Powers and Louise Darby.

Date: **Week commencing 6th December 2021**
